

A JOURNEY OF THE WAYSHOWERS THROUGH THE MAGDALENE STARGATES IN SOUTHERN FRANCE

October 2 – October 12, 2009

Join us on this extraordinary journey to the many magical places in southern France where our early ancestors marked the connection points between the Earth and the Cosmos, bringing the consciousness of the Heavens to that of the Earth. The land calls us into harmony with it to experience the seen and unseen dimensions, commune with Nature and partake in the beauty and bounty of the land in the spirit of the Goddess. Venus and Mercury will be traveling together at this time in the sign of Virgo, honoring the return of the Divine Feminine archetype, activating the Earth in ancient places once dedicated to Mary Magdalene and Isis. The full moon in Aries eclipses and uncovers access to the Pleiadean Stargate, to give a clearer

vision for individual destinies as well as a collective vision for the planetary destiny.

Facilitated by Cayelin Castell and Nancy Safford

Our journey will weave us through caves and temples carrying legacies of Isis and Mary Magdalene, to mountaintop castle-fortresses once inhabited by Knights Templar. We will experience churches and of powerful Black Madonnas, discovered hundreds springs and wells uncover ancient Stargates of Mary Magdalene and to the Priestesses who were cycles in these celestial and Earthly temples here.

and Mary Magdalene, the Cathars and stand in the presence of years ago. Sacred wisdom known to Isis, guardians of the earth

We will visit Rennes Le Chateau, the mysterious foothills of the Pyrenees, with spectacular views of mountains and ancient sites that mark a natural pentacle in the landscape temple here. This village has been a strategic place of power for Romans, Visigoths and Merovingians, and an early temple site dedicated to Isis. The story about famous coded documents discovered by the Abbe Saunier 100 years ago, while he was renovating the church, suggests that he uncovered a treasure, still a mystery today. He then built the Tour Magdala and finished renovating the Church, both of which he dedicated to Mary Magdalene.

hilltop village, in the

We will swim in the purifying waters of the Mediterranean at Les Saintes Maries de la Mers, where the gypsies celebrate the black Saint Sarah each year, and who legend says, arrived with Magdalene from the Holy Land, possibly as her daughter with Jesus.

Our journey intention will focus on understanding the events happening in the “Great Above” and how they relate to the “Great Below”, our Earth-based reality. The Magdalene archetype/power/principal (embodied in Mary Magdalene) is a “conduit” for certain Divine Feminine planetary processions of energy and awareness. The natural landscape Temple here identified as a five pointed star, we know to be a Venus Temple, which holds a key to a much larger movement of celestial forces as they interact with the planet. We will attune to these processions and to the larger movement of celestial forces as we journey together.

Each of the places on our journey is meant for individual activations, designed to bring balance, inspiration, inner wisdom and heart opening. The energy of the journey will respond to the individual and group intention. We will co-create ceremony in various sites when inspired to do so for more intimate connections.

Those making this 2009 journey may do so to further their individual soul's journey and/or as an initiation process in the Sacred Order of Venus Templars. An initiation ceremony will take place (if one chooses to do so) at the end of this journey. (The Order was founded in 2007 by Nicole Christine). Nancy and Cayelin are both founding members.

A JOURNEY OF THE WAYSHOWERS THROUGH THE MAGDALENE STARGATES IN SOUTHERN FRANCE

11 Day Journey Itinerary * October 2 – October 12, 2009

Cost \$2900

Day 1 – Oct 2, Friday

We will pick you up in Toulouse at the airport between 12 and 1 pm. We depart for our B&B in Rennes Les Bains, stopping in Limoux for lunch. On arrival in RLB, within the Venus Temple, we will relax, settle in and then explore the famous outdoor thermal healing waters and have a brief introduction of the area before retiring early to catch up from the long flights. We will stay 3 nights here.

Day 2 – Oct 3, Saturday

Breakfast. Group centering, meditation and setting of individual intentions for the journey before establishing a group intention by the magical waters. Priestesses were once the guardians of these waters; they kept the Earth, humanity and the other worlds in harmony with Creation through cyclic ceremonies and songs. Mercury, Venus and Saturn are all in Virgo inviting the archetype of the Divine Feminine to return. The Uranus opposition at this time, can bring unusual messages intended to create liberation and change for those who are willing. Lunch at a café in town. Then we will walk to the ancient 5000 year old stone *Seat of Isis*, next to her sacred spring, an important *Stargate* site. It encourages quiet reflection, personal attunements and initiations, as the powerful alignments pass through the seat. We will have a special welcome dinner.

Day 3 – Oct. 4, Sunday

Breakfast. Group centering and planning of our Aries full moon ceremony in the afternoon. We will then spend the morning at the historic marketplace in Esperaza with a wonderful experience of the French open market tradition, offering fresh local produce, clothes, jewelry and many other gift ideas. There is a beautiful church dedicated to Archangel Michael here to visit. Esperaza marks the center of a six pointed star identified in the Temple landscape of the area. Lunch before returning to

RLB to prepare for our ceremony at the *Fountain Des Amours*, a place where beings of all dimensions meet in Love. It may well be a place of emergence from ancient times, as no bottom to the small pond has ever been found. The Aries full moon is calling us to each know the action necessary to fulfill our divine purpose and destiny. We honor our choices through ceremony. Dinner.

Day 4 – Oct. 5, Monday

Breakfast. We depart for *Les Saintes Maries de la Mer*, and visit the famous *Cathar Castle, Queribus* en route. This Castle was a Cathar stronghold, giving refuge to them as they resisted the famous Inquisition of the Catholic church who feared the truth of the Cathar teachings passed down by Jesus. We will have lunch here.

Les Saintes Maries de la Mer, is a fishing village located on the Mediterranean coast near Marseilles, where Mary Magdalene arrived by boat from the Holy Land. She was with a small party of people, greeted by the gypsies. The group included two other Marys and Sarah, who most believe was the daughter of Magdalene and Jesus. She is also the Patron Saint of the gypsies. We will explore the 6th century church with a statue of the black Saint Sarah in the crypt.

This was once an ancient pilgrimage site for the Celts who came to receive healing from the Goddess present at the warm spring located here. The Greeks

once had a Temple to Aphrodite here. This region, the Camargue, is known as the *cowboy country* of France, where the horses once ran wild. Dinner in town. We will stay two nights here.

Day 5 – Oct. 6, Tuesday

Breakfast. We will visit the church and co-create a ceremony on the beach where we call forth, embody and lovingly accept a way of living and being from our hearts. The moon occultation of the Pleiades acts as an eclipse, uncovering the *Stargate* that opens its mysteries, influencing our own cellular wisdom within. We also have an opportunity to connect to the Sacred Hoop of stars circling above, where planetary consciousness can be mended through our Love. We will purify ourselves in the soothing, healing waters of the Mediterranean to release all limitation, rebirthing our soul. Saint Sarah, in the church, offers endless compassion and wisdom.

There is wonderful shopping here, including aromatic products from Provence for gifts and personal enjoyment. Lunch on your own and dinner in town.

Day 6 – Oct 7, Wednesday

Breakfast. Take one last visit to Saint Sarah before we depart for our beautiful B&B near Rennes Le Chateau. Lunch en route. We will stop in Limoux at the famous Notre Dame de Marceille church to experience the Black Madonna and then receive clarity and guidance at the *Well of Visions* next to the church.

This is where the Black Madonna appeared to a farmer tilling his field several times before the church was built to house her. The church contains numerous alchemical symbols, marking a very mysterious site whose true purpose and alignment are hidden from common knowledge. We arrive at our lovely B&B facing the village of Rennes Le Chateau. We will enjoy a wonderful dinner here and stay for the last five nights.

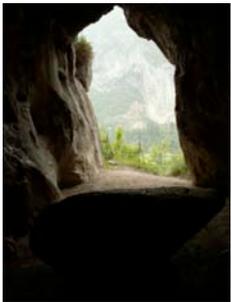

Day 7 – Oct 8, Thursday

Breakfast. Group centering and sharing; take morning to rest, relax and explore the grounds of our beautiful B&B. It is nestled beside the *river of colors* in the *valley of colors* where women once washed clothes together in earlier times. There is a very strong Magdalene energy here. Picnic lunch. We are in the *Temple of Venus Pentagram* area below one of the node points at Rennes Le Chateau, where the Venus frequencies enter the Earth Grid.

to the *Magdalene Cave* across from Rennes Le co-create a ceremony. The moon is approaching of the Bull” at the Stargate. This is the mysteries of Orion and Sirius - mysteries. It was the key that Osiris Key of Life”. Dinner at our B&B.

We attune as we walk Chateau and possibly Aldebaron at the “Eye the place known to hold the Priest/ Priestess held, known as “the

Day 8 – Oct. 9, Friday

Breakfast. Centering. We spend the morning with a special Knights Templar, a member in the French Templar Order, as he guides us on a journey in Alet Les Bains, where the family of Nostradamus once lived. It was an important early Jewish settlement, holding many mysteries,

including an ancient church with stone six pointed star windows marking the *Seal of Soloman*. This is another bathing place with sacred flowing waters and was an ancient initiation place of the Knights Templar.

We will proceed to Rennes Le Chateau with our Templar guide, to continue our tour of the famous hilltop village of *Rennes le Chateau* where we will visit the *Tour Magdala*, and the *Magdalene Church*.

It is this church that Abbe Sauniere was renovating when he mysteriously discovered coded documents, went to Paris with them and returned with a great amount of money. He built the *Tour Magdala* and renovated the church, both dedicated to *Mary Magdalene*. Legend says that this was once an ancient Temple of Isis deep below the earth here.

We will have dinner here and have a special presentation at the home of our Templar guide and his beautiful wife who will share their exquisite garden near the *Magdalene* church. The presentation will give more details about the sacred geometry of the landscape pentagram here.

Day 9 – Oct. 10 Saturday

Breakfast. Morning visit to the mysterious holy Mountain Bugarach, which is a Temple of Venus pentagram point with stunning views. It has hosted numerous UFO sightings, is known as an intergalactic doorway (possibly for the “Arcturians”), and is also known as a place where Jules Verne lived and wrote many of his stories, including “Journey to the Center of the Earth”. Mt. Bugarach is also known to be a place where an Essene community once settled.

We will align with and meditate on the energy of Mt. Bugarach. Then ceremonially we will clear all dross, blockages and inert codes within that have limited our experience of wholeness. As the moon crosses the Galactic

edge we are given the opportunity to receive and attune to our new dream for our lives. Can we imagine creating a new perspective, something we might never have imagined before, as Jules Verne may have offered in his stories? Picnic lunch here.

We continue to the famous Gorge de Galamus where the hermit Saint Anthony lived in an ancient cave which hosted many secret teachings and initiations. The Cathars resided in many hidden places along the Gorge here, where entrance points are sometimes visible. There is also room next to the cave, where Mary Magdalene is said to have done teaching. The experience is spectacular as one walks down through the “portals” before entering the cave. The cool, winding, waters, rush beneath as one watches from this high rock “hermitage”. The hermitage has long been known to be a place for people to re-align their lives. Many claim enlightenment experiences with the God presence.

Dinner at our B&B>

Day 10 – Oct. 11, Sunday

Breakfast. We will walk to La Pique, the center of the Venus Temple landscape pentagram. From this spectacular center point, we will ceremonially align to each “node” (several of which we have experienced on the journey) and then activate our inner Stargate codes. As Venus has traveled down the charkas during our journey here – similar to the snake moving down into the Earth Temple through the Pleiadean Stargate – she helps to activate the 6th gate of creativity and empowerment. Then Jupiter, on the last day of our journey, magnifies, energizes and expands our Divine alignment with our soul’s purpose as she goes direct on October 12th. An evening ceremony will be offered for those wishing to self-initiate into the Sacred Order of Venus Templars. We will have our farewell dinner at our wonderful B&B.

Day 11 – Oct 12, Monday

Breakfast. Honoring our powerful journey and the deep attunements each have called forth after walking into and experiencing the ancient portals on the land, many marked by the Isis/Magdalone energies. Say goodbye to the area before driving to Toulouse for departures to the USA or to other individual destinations.
